

# Communities in Bloom

&

## FORTIS ALBERTA

Present

Bloom where you are Planted  
Learning Webinars

Tuesday, July 21st @ 10:30am

"Tree'ing You to an urban Forestry Workshop"

Join Maureen Sexsmith-West, Owner of LadyBug Arborist, as she shares information on topics such as tree inventories, tree & tree replacement, disease, pruning regimes, canopy cover, woodlots management, replacing native species, etc. You won't want to miss this! Register with the link provided.

Tuesday, August 18th @ 10:30am

"Introduction to Edible Landscaping"

Rob Spencer, Owner of Spencer Horticultural Solutions, will provide advice on incorporating edibles into community projects. Edible landscaping is the use of food plants as design features in landscape. These plants are used both for aesthetic value as well as consumption. You will learn about examples of projects done in other locations, factors to consider when planning and maintaining edible projects. Register with the link provided.
