

Nominee Biography

Rob Fehr

September 16, 2025

Hi! My name is Rob Fehr. Many in our community probably know who I am, but for those who are new to our wonderful Village, here is a bit about myself.

My wife and I chose to move to Alix in 2005 to raise our family and participate in the numerous activities that are available here. Having grown up on a farm in Saskatchewan we felt Alix offers a lifestyle that we enjoy by being close to the farming community and “small town” amenities. We both jumped into volunteer activities and made every effort to give back to many of the local organizations.

I started my Council journey in 2008 as I wanted to offer my human services and construction management background to move our Village forward. I have been honoured to serve our community in various roles such as Emergency Management Director, Councillor and Mayor in that timeframe. I still sit on various boards and committees both on and off Council, as I have always valued giving back and helping others succeed. This is a value I also have instilled in my children and am pleased to see them getting involved in volunteer activities in Alix.

I am proud to have served on boards past and present some of which include ANTS (Alix Nature Trail Society), Central Alberta Victim & Witness Support, Lions, Parkland Regional Safety Committee, Alix & Area Resource Centre, Alix & Arena Fire Department, Alix Arena, Utility Safety Partners (Alberta 1 Call).

I feel my experience and leadership skills I have developed over the years has been a great asset in helping put Village move forward. Being part of the solution in shaping a better community for our citizens is something I always keep in mind, and your input means a lot in making that happen. Moving forward I would like to be part of the planning and execution of the services we require to be a sustainable community. Areas of focus are infrastructure needs, recreation facilities/events, and safety/security just to name a few.

With your help, I am confident we can move our goals and visions forward. On October 20, 2025 I would humbly ask you give me the opportunity to continue the work we have in progress.
