

Nominee Biography

Francois Laneuville

September 25, 2025

My name is Francois, and I have lived in Alix for almost 20 years. I'm running for Alix town council to bring a fresh perspective and practical experience to the table. With over 20 years in oilfield construction and project management, I've led major projects, solved challenges under pressure, and know how to deliver results.

My focus is on strengthening the services our community depends on, making the most of the resources we have, and creating opportunities for growth and new development. I believe Alix has incredible potential, and I want to help attract new businesses and families while supporting the people who already call this community home.

I'm committed to bringing common-sense solutions, accountability, and a forward-looking vision that keeps Alix strong, welcoming, and well-positioned for the future.
